TERMS

ORDERS—All orders are accepted subject to previous sales and the following terms and conditions.

PRICES—Prices in this catalog supersede all previous lists, catalogues and quotations. Prices are subject to change without notice. **THE PRICES IN THIS CATALOG INCLUDE PACKING.** Many other nurseries charge the customer for packing for shipment, amounting on some shipments to 50% of the cost of the nursery stock. Our prices are f. o. b. customer's place if within 10 miles of our Nurseries. Arrangements can be made for distance deliveries by motor trucks or full truck loads if desired.

STOCK SPECIALLY SELECTED by customers at the Nurseries will be charged to the value of the trees chosen.

QUANTITY—Lots of 5 and 50 will be furnished at the 10 and 100 rates respectively.

PACKING—All goods are thoroughly packed, insuring best protection while in transit. All packing charges are included in our list prices, except for stock of unusual size, when the packing will be a matter of special quotation.

GUARANTEE AND CLAIMS—All goods are guaranteed true to name, full count, up to grade, and in good condition when shipped. Any plant proving untrue to name will be replaced. On all stock sold at retail price we guarantee stock to reach customer in first class condition. Claims to receive consideration must be made within five days after receipt of goods. Orders are not subject to countermand.

TERMS, CASH WITH ORDER, except to persons who satisfy us as to their responsibility, when accounts will be due in 30 days.

Shipping Instructions

SHIPPING SEASON opens about March 1 in the Spring and August 1 in the Fall.

INSPECTION AND FUMIGATION—Our stock is regularly inspected and certificate will be sent with each shipment. Stock will be fumigated when requested or when the State laws require it.

FORWARDING—Write plainly and give explicit directions as to address and mode of shipment. Shipments will be forwarded exactly as directed: but when without instructions, we will use our best judgment and forward by shortest and safest route. TO SALESMEN

Instruction and Information

Carefully study the Instructions and Information contained herein. You will find all useful every day.

Sell only varieties listed.

Sell only to responsible people. Don't sell to Indians, Negroes or irresponsible Whites. If sales are made to this class, in the accounting the salesman will be held responsible for the amount of the bill if not collected.

We grow stock particularly suited for planting above "Mason and Dixon" line, north, east and west.

Purchasers obtain full value for their money buying Pontiac Quality nursery products. The courage to ask a price shows salesmanship. When the salesman is given a new fruit, or some other nursery product, for introduction, on which there is practically no competition and immediately starts to cut the price given by his house he shows weak salesmanship.

Prospective orders of school, college, cemetery or park boards, or other large corporations or individuals, to be submitted to our office with a complete list of the stock required or a sketch of the grounds for a landscape drawing, or estimate. Figures will be made as low as possible consistent with quality, grades and quantities used.

The salesman is instructed to always explain to his customer, after the order is signed, that he, the customer, is to go or send for the stock of his order to the place of distribution on the first day of delivery, and that the company will not be responsible for any loss or damage to stock due to failure or delay of customer to call or send for it on the day appointed for delivery.

The salesman must also inform the customer that the stock will be delivered with the understanding cash is to be paid on delivery, and failure to do this will be a breach of contract and contrary to company's instructions.

Do not grant customer time or payment by note

without first consulting the company. If the salesman promises time or note payment we will hold him for the full amount of the order on settlement. We will furnish first-class stock and our prices are for Cash On Delivery. If stock is sold for less than list or other prices provided by us, our share of the difference to be charged to the salesman.

We grow only the best known and standard varieties, including valuable novelties of our own, of recent introduction and real merit, thoroughly tested, cultivated, selected and improved until they have reached the highest mark of perfection. We are not competing with growers of cheap stock, having a small acreage and of very little responsibility.

SPECIAL SERVICE. We invite the correspondence of our salesmen or customers for information on subjects relating to the selection, planting and culture of all kinds of nursery products. This "Special Service" is free.

No order is legal that does not correspond with duplicate. No change in the verbiage of the order is allowed. We will carry out the provisions of the printed order, but will not be responsible for any verbal agreement between the salesman and customer.
